 _____ Office Phone: _____
 _____ Office Email: _____

Signature of Company Representative: _____

Requirements

- 1 All plumbing must comply with the current Uniform Plumbing Code and TCEQ regulations.
- 1 Any health hazards found in existing plumbing must be repaired.
- 2 All inspections must be completed by the District's inspector, listed on the permit.
- 3 If plumbing inspections exceed the standard five (5) the above company will be billed for the re-inspections. Re-inspection fees are \$105.00 each. A certificate of occupancy will not be issued until all fees are paid.
- 4 A set of plans must be submitted to the District before this permit will be issued. Residential and commercial add-on construction may require a Certificate of Compliance from Williamson County.

NOTE: To ensure contamination of the public water does not occur, all back flow prevention devices must be tested upon installation and every 5 years thereafter. All back flow devices that are installed to protect against health hazard must be tested annually. This is to be done by a certified tester and a copy must be filed with Brushy Creek M.U.D.. This testing will be at the homeowner's expense.
